## GOVERNOR TAFT SAYS

Only 15,000 Soldiers Will Be Needed In the Philippines Ere Long.

### EFFICIENT NATIVE CONSTABULARY.

Internal Revenues of the Islands Are Small and the Governor Opposes Free Trade But Favors a Reduction of Tariff Rates.

San Francisco, Jan. 22.—Regarding a standing army in the Philippines, Governor Taft is reported to have said that 15,000 men will be an ample force in the island before the close of the year. "I was told this only a few days before I came away," said he. "Officers thoroughly versed in the situation gave me the figures. I will explain to you how peace can be maintained in the islands. We have organized a native constabulary, which is working efficiently. Congress allows us to maintain a constabulary of 5,000 men. They are under the command of Major Allen, who has already enlisted 2,500 men in this branch of the service. When the force is fully organized the men will be distributed in the province 150 men to each province. The detachments of constables are commanded by four officers, three of whom are retired volunteer officers and the other a native Filipino. When the constabulary is fully equipped it will be detailed in the field to clean out the Ladrones, who are intimidating the natives. These Filipino constables can be maintained by the government at a cost of \$250 each a year, while the soldiers in the islands cost Uncle Sam about \$1,000 a head.

"I wish to impress upon everybody that civil government is a success. There is a strong peace party in the islands, and it is composed of the most influential men among the Filipinos. They are working earnestly and zealously toward bringing about happy relations between their countrymen and the government. They are using all that is in their power to bring in the recalcitrant leaders. I have never been so encouraged as to the prospects of the Philippines as I have within the past three months. There has certainly been a great change in the sentiment of the people. They are beginning to appreciate the fact that civil government means better times for them. I am encouraged, and I shall so report to Washington.

"There are 35 provinces capable of government. The only place where there is trouble is in the island of Samar. That is the most difficult island for military operations. There are no roads, and the troops have to use water courses, when water is pouring down the runnels, to follow the natives to their fastnesses. But we are all confident that it is only a question of a short time when the island will be pacified.

"Speaking of the Moros, they are not capable of receiving a civil government. They still have tribal relations, as did our Indians, and obey their chiefs. There are two sets of Moros—the river Moros and the lake Moros. The lake Moros have been distinctly hostile to us, but are now commencing to bring in the products of their lands and barter them. The great question and difficulty that presents itself to the government is the land question. The titles to lands are very unsettled, and it is a difficult matter to adjust them."

On the subject of free trade Governor Taft said: "I know that the Pacific coast people would like to see free trade instituted between this country and the islands, but I am sorry to say that I cannot see how it would work. The civil government adopted a tariff schedule which is working well, but our internal revenue receipts are not large. When you tax a country too heavily you spoil it, and that is the situation in the Philippines. We have asked that the Dingley tariff be reduced for the products of the islands at least 5 per cent. We hope congress will be as generous to the Philippines as it was to Porto Rico. The reduction of the Dingley tariff will mean the opening of a large market for tobacco and sugar of the island, as well as for other products there. Hemp you need and are buying in larger quantities every day. By so reducing the Dingley tariff a good market for Pacific coast will be opened.

Governor Taft said there had been no serious clash between the civil and military authorities and declared that the best of feeling existed between himself and General Chaffee.

Wednesday evening Governor Taft was the guest of honor at a reception tendered him by the Union League club, in which the chamber of commerce, board of trade and other organizations participated.

Runaway train ran into car loaded with logs on the log railroad of Lackawanna Lumber company at Cross Fork, Pa. Four lumbermen killed.

## DOINGS OF CONGRESS.

Teller Protests Against Execution of Boer General Scheepers.

Washington, Jan. 22.—At the opening of the session of the house Wednesday Mr. Dalzell (Pa.) from the committee on rules presented a special rule to exclude from the floor of the house before the session all persons except members and those entitled to the floor during the sessions, employees of the house and members of the press. Heretofore it has been the custom to admit all persons to the floor until 15 minutes before the house meets. Mr. Dalzell explained that the purpose of the new rule was to exclude from the floors before the sessions persons, as he explained it, who came into the hall, "principally to get out of the cold."

In answer to questions Mr. Dalzell said visitors could be admitted to the floor by presenting cards of members. The rule was adopted 103 to 27.

The house then went into committee of the whole and resumed debate on the general deficiency bill. Mr. Padgett (Tenn.) advocated the adoption of a declaration in favor of pledging the United States to give independence to the Philippines.

The appropriation of \$300,000 for a military post at Manila was ruled out of urgent deficiency bill.

Senator Culberson (Tex.) secured adoption of a resolution directing the secretary of war to transmit to the senate copies of all statements, criticisms and correspondence between the war department or any official thereof and any person or corporation relating to the customs tariff affecting the Philippine islands.

Mr. Teller offered a concurrent resolution, which he asked to go over until Thursday, calling upon the president to request the government of Great Britain to set aside in the interest of humanity such sentence of death and accord to Commandant Scheepers the privileges and immunities guaranteed under the Geneva convention.

At the conclusion of routine business, Mr. Nelson called up the bill establishing a department of commerce. Mr. Charles (Wis.) offered an amendment providing that the secretary of commerce should have complete control of the work of gathering and distributing statistical information relating to subjects incidental to the department. President Pro Tem Frye laid before the senate a letter from Samuel Gompers protesting against including the bureau of labor under a department of commerce.

After a long debate the bill with its amendments were ordered reprinted pending further consideration. Mr. Pettus (Ala.) offered an amendment providing that the department of labor should not be transferred to the department of commerce.

### Scheepers Executed.

New York, Jan. 22.—It has been discovered that through a cable error, a dispatch announced that the death sentence upon Commandant Scheepers of the Boer army had been confirmed by General Kitchener and that he would be executed Saturday. The fact is that he was executed Jan. 18.

### Three Fires at Columbus.

Columbus, O., Jan. 22.—Dunn, Taft & Co., wholesale dealers in fancy dry goods, sustained a loss of \$175,000 by fire, their 5-story building on North High street being gutted and the entire stock destroyed. The Robbins block on East Spring street, a 5-story structure occupied by Samuel Stephens, wholesale grocer, E. B. Robbins & Co., wholesale hats, caps and straw goods, John Hayes & Co., wholesale leather, Zinn & Judkins, wholesale hats, caps and gloves, and John McBride printer and publisher, was also gutted by fire and the stocks of all occupants are a total loss, the aggregate being \$250,000. Captain Ferrell and Firemen Young, Biddle and Cappel were caught by falling walls at the Robbins buildings and were seriously hurt. The two fires, though several squares apart, occurred almost simultaneously. Ruetty's wall paper store on East Main street had a \$10,000 blaze about the same time.

### Capitalist and Counterfeiter.

San Francisco, Jan. 22.—Ulysses G. Blair and wife were arrested for passing counterfeit coin. Blair admits his guilt and says his wife assisted him in passing the coin, getting rid, he says, of about \$600 a month. The counterfeits are the most perfect that have been seen in this part of the country. His method of disposing of the spurious coin was by placing it in small amounts with the bookmakers at the Oakland race track. Blair posed as a capitalist and has been popular socially.

Huntington, W. Va., Jan. 22.—John S. Farr, a wealthy man prominently known politically over the state was sentenced to two years in the state penitentiary for manslaughter. He killed Owen Ross in this city last summer during a street fight.

## HE GOT RICH RAPIDLY

His Salary Was Modest But He Often "Made Good Investments."

### A TRUSTED EMPLOYE MANY YEARS

Secretary and Treasurer of Cincinnati Firm Said to Have Amassed a Shortage of Nearly Half a Million—Full Restitution Made.

Cincinnati, Jan. 22.—It is alleged that Theodore Braemer, secretary and treasurer of the J. & F. Schroth Packing company of this city is short from \$160,000 to \$400,000. Until recently Braemer received a salary of \$25 per week as bookkeeper. His salary never exceeded \$40 per week and he had been with the firm 25 years. Braemer and his wife turned all their estate over to the Schroths and the shortage will be fully covered without prosecution. He transferred one of the finest residences in the city and other valuable property and over \$200,000 in stocks and bonds to his former employers. Braemer's employers always believed his statements about his fortunate speculations and investments and never examined his books. After the death of John Schroth over a year ago, the heirs instituted an investigation and recently had detectives cooperating with the expert accountant, Mr. Munster, who claims to have confronted Braemer with \$160,000 of shortage and who estimates that the shortage for over 20 years will aggregate \$400,000. The firm does a business of over \$3,000,000 annually, all passing through the hands of Braemer.

It is claimed that Braemer did not enter cash collections from the wagons, as well as other collections. Braemer and his family were noted entertainers and very prominent socially. Braemer admitted that he had transferred his property to the Schroths after he met their attorneys, then he resigned and an attempt was made to keep the matter quiet.

Among the chattels turned over by Braemer were \$75,000 in Standard Oil stock, \$15,000 in National bank stock, \$13,000 in Cincinnati gas stock, \$8,000 in school bonds and \$50,000 in other good holdings and \$12,000 in bank.

Former United States District Attorney Harold Cleveland, representing Theodore Braemer and Joseph W. O'Hara, representing the J. F. Schroth Packing company, were in consultation as joint trustees as well as counsel. They say Braemer denies any shortage and that all discrepancies in the books and other difference had been satisfactorily adjusted. They insisted that the published accounts were grossly exaggerated and did the Schroths as well as Braemer injustice. They denied that Braemer had transferred anything to the Schroths, but admitted that the transfer was to the trustees awaiting a more definite adjustment of the differences between Braemer as secretary and treasurer and the company. They said the appraised amount held in trust would more than cover the differences in settlement and that the discrepancies would not approximate any such figures as have been published and that it might be several days before they could complete the investigation which has been going on some time.

In an interview Braemer stoutly denied that there was a shortage and explained that the assignment of property was a guaranty of indemnity pending the investigation of the books.

### British Captures.

London, Jan. 22.—Lord Kitchener, in a dispatch from Johannesburg, dated Jan. 21, says General Methuen overtook a Boer command near Boschpoort Jan. 20, and after a running fight of eight miles he captured all their wagons and cattle and 24 Boers. General Bruce Hamilton made a night march against General Botha near Witbank Jan. 18, but the Boer commander had left the camp when the British reached the spot. The British, however, captured 27 prisoners.

### Prince Will Bring a Cannon.

Berlin, Jan. 22.—Prince Henry will take with him to the United States a bronze cannon as a present from the Kaiser to the Central Union of German-American Veterans who fought in the wars of 1866 and 1870. The cannon was captured from the French. It is destined for Philadelphia, where the prince will probably make a speech in presenting it to the veterans. It is announced that the prince will travel in civilian dress while he is in the United States.

### Want Non-Union Men Bounced.

Louisville, Colo., Jan. 22.—The local union of the United Mine Workers of America adopted resolutions demanding the discharge by Feb. 1, 1902, of all non-union miners and laborers employed in the coal mines of northern Colorado. About 40 per cent of the miners employed in this district are non-union men.

## MITCHELL CHEERED.

He Will Doubtless Be Exonerated by Miners Convention.

Indianapolis, Jan. 22.—National officers of the United Mine Workers of America will not be elected until the committee appointed to investigate charges preferred against President John Mitchell and Secretary-Treasurer Wilson has made its report to the convention, which will probably be Friday. This announcement was given out by Secretary-Treasurer Wilson. Officers were to have been elected Tuesday and would have been chosen if it had not been for the charges preferred by Miss Meredith and the declaration by President Mitchell that he and Secretary-Treasurer Wilson would refuse to be re-elected until the charges were investigated. The feeling in the convention is that the report of the investigating committee will exonerate Mitchell and Wilson and that they will be reelected.

The miners cheered President Mitchell when he appeared on the stage at Tomlinson hall Wednesday and resumed charge of proceedings.

There were stories afloat insinuating that coal operators are backing Miss Meredith, for the purpose of disrupting the Mine Workers' organization. President Haskins of the Ohio miners before the convention denied a rumor intimating that the Ohio miners are backing Miss Meredith. He said the statement was an injustice to the Ohio delegation.

President Haskins of the Ohio district says the reason the Ohio convention invited Miss Meredith to the National convention and agreed to pay her expenses while here was that the charge had been circulated in Ohio and that the state convention wished to have national convention hear them.

### CASTRO'S TROUBLES.

President of Venezuela Harassed by Numerous Difficulties.

Willemstad, Jan. 22.—Despite the French government's demand the authorities have refused to allow the Frenchman, M. Secrestal, to land at Laguayra, Venezuela. This denial of his right to go to Caracas to protect his property has caused much indignation, as it is regarded as a new proof of Castro's hostility to foreign capital. Frenchmen at Willemstad have complained of the latest move in the Secrestal difficulty to the Paris government. Castro's government now fears a new invasion of Guajira by the revolutionists. Castro has been unable to learn the whereabouts of the expedition commanded by Generals Mendosa and Hernandez and has had much trouble in the Barquisimete district. The Mochists are active. Castro is still seeking to have the British navy seize the Libertador, formerly the Ban Righ in Paraguay and neighborhood the insurgents have been defeated by the government troops, but it is now confirmed that the government troops have been defeated in the neighborhood of Carupano and Barquisimete.

### Robbers Routed.

Hartford, Ky., Jan. 22.—The bank of Hartford was robbed by five or six safe blowers, who wrecked the vault with dynamite. About \$6,000 was on hand but it is believed the robbers obtained about \$3,500 of this. Much of the money was found scattered on the floor. The noise of the explosion aroused the town and the robbers were compelled to flee, leaving the money behind. Four of them were captured with bloodhounds and the stolen money recovered. The robbers gave the following names, but refused to talk: H. L. Marsh, Estill county, Ky.; James Kelly, Nevada; James Mills, Georgia, and C. C. Gray, Green county, Ky.

### Suicide Was Short.

St. Louis, Jan. 22.—The investigation of the books of the late H. C. Tatum, secretary and treasurer of the Western Commercial Travelers' association who recently committed suicide, has been concluded and shows a shortage of about \$16,000. It is stated that Mr. Tatum made a confession to certain members of a committee of the association when the examination of his books was commenced, prior to the election, which was held three days before his death. He informed the committee that they would find a shortage and said it had all gone on the races.

### McCreary Elected Sure.

Frankfort, Ky., Jan. 22.—The last step in the election of James B. McCreary as senator to succeed W. J. Deboe, were taken by the two houses of the legislature in joint session Wednesday. If there was any doubt regarding the legality of the former election because of indefiniteness of the statute as to when the ballot should be taken this defect was cured by the proceedings being repeated this week.

Grand jury at Dayton, O., refused for lack of evidence to indict Mrs. Mary Witwer, charged with poisoning her sister, Mrs. Pugh.

## BIG CRIST OF BILLS

Was Dropped to the Hopper of the Ohio Legislature.

### MAYOR JOHRSON'S TAX PROPOSITIONS

Two-Cent Railway Fare Bill Again Makes Its Bow to Statesmen—Ten-hour Day For Street Railway Employees—Other Measures.

Columbus, O., Jan. 22.—The house of representatives authorized the sergeant-at-arms to appoint 25 porters at \$3.50 per day.

Representative Price asked permission to withdraw from the Soldiers' and Sailors' Home committee in favor of Mr. Lochary, which was granted.

Among bills of general application the following were introduced: To place International Typographical union label on all state printed matter and stationery; to change election laws to provide for distribution of ballots and poll books by contract, creating a state supervisor of elections, and taking township and village municipal officers out of provisions of the corrupt practices act; for better protection of mines and miners; for a commission to secure uniformity of commercial paper laws as recommended by state board of commerce; providing heavier taxes for traffic in cigarettes; to prevent corporations from regulating politics of employees; providing additional punishment for making false return of property for taxation; to permit municipalities to issue bonds for the purchase and operation of steam or electric railways; to bury ex-soldiers, their widows and mothers and army nurses at expense of counties.

A bill introduced by Representative Stage of Cuyahoga county seeks to amend the present laws regulating taxation so as to conform with the taxation plank of Ohio Democratic platform of 1901. Corporations will be obliged under its provisions to file annually a complete report of all property, real and personal, notes, bonds, securities, etc., owned and controlled, together with the value in money of each. The same bill creates a state revision board, consisting of the treasurer of state, the attorney general and the commissioner of railroads and telegraphs, who are to meet the first Monday in April and adjourn from time to time until the work of examining all these reports will have been completed. Another Cuyahoga county bill, changing the statutes to this plank, is by Representative Miesel, requiring special reports from steam and electric railroads, except that these reports are to be more complete in detail and filed by Sept 1 of each year. Other bills introduced by Cleveland members provide for a two-cent railway fare bill except for distances of eight miles or less, and also providing that all applications for street railway franchises must be submitted to popular vote. Representative McNamee of Franklin introduced a bill to provide that street railway employees can not be employed more than 10 hours in any one day. State administration bills were introduced by Representatives Willis of Hardin and Cole of Hancock. Mr. Cole's bill proposes to amend the excise law and the bill by Mr. Willis seeks to require regular reports of corporations, and that a fee be charged for the filing of these, thus avoiding the constitutional provision that corporations can not be taxed. Among other bills were these: To exempt parsonage property from taxation; to authorize agricultural societies to purchase land for the purpose of erecting engine houses for the protection of the buildings against fire; to require engineers and firemen operating engines or boilers of more than 15 horsepower to secure state license; to provide for school examiners in small cities; providing that assessors shall enumerate each year all the deaf and dumb, blind, insane or physically deformed residents in all families or infirmaries; making the cutting and sale of ice to be done under the supervision of the boards of health; making a penalty for the introduction of "Christian science" in diseases of children; making Jan. 29, McKinley's birthday, a legal holiday in Ohio; making it a capital offense to assault a high state official and defining and restricting anarchy.

These bills were introduced in the senate: To protect playwrights by providing life imprisonment as penalty for any one to use or publish or put upon a stage any unpublished work without consent of author; amending partition fence law so as to exempt rights of ways from enclosure provision; providing penalty for owner of a bull to permit the animal to run at large in field adjacent to lands of another, without first having secured written consent of latter; exempting large manufacturers of railroad and other machinery from payment of 50 per cent rebate under installment law.

The State, in rebuttal in the Howard trial Wednesday, produced four witnesses who swore that H. C. Robertson had told them he saw Goebel fall, and was on the Capitol Square at the time. Robertson, one of Howard's witnesses, had testified he was with Howard at the Board of Trade Hotel when the shot was fired. Several witnesses swore to seeing Howard in a saloon the night of the shooting, at a time when Howard claimed to have been with the soldiers in one of the executive buildings. One of Howard's witnesses testified that he supposed Caleb Powers thought he was "justified in swearing to a lie." Evidently, there are others of the Powers stripe.

## **CHILD LABOR.**

**Vigorous Denunciation of This System of Working Children in Factories.**

[Exchange.]

The subject of child labor in the South is arousing general attention through an appeal that some of the leading citizens of Alabama have made to the press and people of New England. Many of the mills employing child labor are owned and controlled by Northern capitalists and it is claimed that their influence led to the repeal of legislation restricting child labor. The rapid development of the cotton industry and other manufacturing interests of the South has produced the same industrial conditions that have menaced every manufacturing nation. Restrictive laws have gradually followed sudden industrial development, and in every case these laws have had the support of the most advanced thinkers of the nations. If South Carolina could place beside her magnificent cotton exhibition in the Charleston exposition a moving picture of her army of twelve thousand weary little toilers under fourteen years of age, the demand for legislation would be overwhelming from north to south alike. Figures, facts and humanity must and will remedy these conditions which are as great a blot on our civilization as slavery ever was.

## **KENTUCKY'S BIG CLAIM.**

**Bill to Pay the State Over \$900,000 Has Been Reported Favorably.**

Representative Kehoe, of the Committee on War Claims, has favorably reported from his committee the bill introduced by Representative Smith providing for the payment to the State of Kentucky the sum of \$973,000, this amount being due the State for interest for money expended during the Civil war.

The Fourth and Ninth district members believe the bill will be passed by the House at this meeting of Congress. It has the unanimous support of the committee.

A big revival which has been in progress at the Epworth Methodist Church at Pollard, Boyd County, for three weeks closed, with a record of eighty-nine conversions and thirty-seven accessions to the church. Rev. N. G. Grizzle, the pastor, formerly of the Sixth ward, conducted the services.

According to the Elizabethtown News two of Kentucky's public men have caught the smiles of fortune. It says: "The News has it on most excellent authority that Senator J. C. S. Blackburn and Gen. P. W. Hardin have both become quite rich. Blackburn made his money in some wise investments with his late son-in-law, Mr. Lane, and is said to have \$100,000 in cool cash. Hardin has made his in a gold mine in Georgia. He holds stock in the company, which he got at a very low figure, that is now worth par and to the value of \$100,000. The mine has been in successful operation, and the actual return in gold that has been sold from the same has run the stock up to par, and it is likely to go very much higher."

## **PERSONAL.**

—Miss Willa Watson is visiting Mrs. Jennie McIlvaine, of Carlisle.  
 —Mr. George Deiner is at home after spending a few days in Mt. Sterling.  
 —Mr. Charles McCarthy, of New York, is visiting his friend, Mr. A. R. Glascock. Mr. McCarthy was interested in the dry goods business with Mr. Glascock in this city some years ago.

# **A Great Event**

Begins here Wednesday morning. Stock-taking is just completed and the time has arrived when our recollection of cost gets hazy. We have forgotten the word profit exists. That explains some of the quotations below. Another reason for reductions—room, room is the cry in our dress goods section. Off with the old, on with the new. Not old in style, nor time as counted by the calendar. Many materials as pretty as the new sorts will be, but we have had them a season and to rightly welcome the coming, we must speed the staving stuffs. The King is dead—long live the King.

## **Exquisite SILKS.**

Mostly fancies, a few plain colors, checks, plaids, stripes, polka dots and printed effects. Foulards, Taffetas, Kaikai, Pean De Le Vauts, Surahs, Satins. Waists, Skirts and entire dress lengths. The profits are yours, measure them by these prices: \$1 and \$2 Silks 50c. \$1 Silks 35c. 89c. Silks 25c. These are the biggest silk values ever offered in our fifty years merchandizing.

## **Sharp Facts About the WOOL GOODS.**

To appreciate the quality of our goods and the price we want you first to study our recommendations. We refer you to any and every woman who has bought a dress here this or any previous season. We refer you to every first-class dressmaker in Mayeville. All will say for excellence of texture, taste in design, newness in style and inexpensiveness of price our dress goods is unequalled. ## **THE LEGISLATURE.**

**The Lawmakers Still Busy Introducing New Bills—The Object of Some of the Measures.**

Among the new bills introduced in the Legislature are the following:

To eliminate that section of the attachment laws that permits a debtor to be attached on the ground that he has not sufficient property subject to execution to satisfy the claims for creditor. Kentucky is said to be the only State in the Union with such grounds for attachment.

To prohibit the docking of horses, and fixing a penalty of \$100 to \$500 fine or imprisonment from thirty to ninety days.

To divide the State into 100 Representative districts.

To provide for the establishment and maintenance of a Confederate home, to be a charitable institution of the State.

To make it unlawful for a person to fraudulently dispose of the personal property of another.

Providing for two additional clerks at a salary of \$1,200 each to assist the chief clerk, whose salary is \$1,800, of the Land Office Department of the Auditor's office.

Providing for the payment of the expenses of officers taking girls or boys to the House of Reform at Lexington.

To abolish the office of Assessor and to provide that the assessment of property shall be made by Justices of the Peace.

Appropriating \$154,639 to erect three ward buildings and other conveniences at the Eastern Asylum in Lexington.

To protect birds, fish and game by providing for the game warden system under the supervision of three commissioners, who shall appoint the warden and as many deputies as may be necessary.

Amending Section 4426 of the Kentucky Statutes by making it a felony to furnish answers to questions on examinations for teachers' certificates. The present law only provides punishment for furnishing the questions in advance.

To increase the power of county Fiscal Courts by authorizing them to provide a hospital to care for the sick and poor.

Providing for registration in towns of the fifth and sixth class.

Senator Howard, of Butler County, introduced a novel bill at Wednesday's session. It provides that owners of saloons shall not screen their interior from passers-by during hours of the day or night, and providing that violators be given jail sentence instead of fine, as under present law.

The Senate Wednesday passed its first bills. The first was Senator Pritchard's bill to provide that all accounts against counties be itemized. It received thirty votes to none against it.

The Senate then took up the Farris bill to return to the old viva voce system of voting. The Republican members opposed it, but it was adopted by a vote of 23 to 9.

The delegation of Kentuckians living in St. Louis, who are interested in an exposition appropriation, have notified Gov. Beckham that they will come to Frankfort on January 28th by special train to urge the Assembly to adopt such legislation.

The Senate passed a bill taking the selection of the Custodian of State buildings out of the hands of the Appellate Court Judges and placing it in the Sinking Fund Commission. Senator Cox made a speech against it, but it was passed by a strict party vote.

The Senate by a vote of 27 to 3 passed the Allen bill increasing the annual appropriation out of the State treasury for the support of the Kentucky State guard from \$7,000 to \$28,000.

James Meadows' residence in Lewis County was destroyed by fire.

The County Board of Tax Supervisors is still in session. It is busy this week listening to remonstrances from those whose assessment has been increased.

Representative Kehoe has favorably reported from the War Claims Committee the bill allowing the Christian Church of Henderson \$500 for property used by United States troops during the Civil war.

T. S. Buckingham will preach next Sunday morning at the Christian Church, Washington, on "Calvin and Presbyterianism." This subject was postponed from last Sunday as advertised by request.

Foyntz Bros. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whiskey \$2 per gallon. Age and quality guaranteed. Get the best. Office 126 Market street—Watson's old stand.

The shooting of fourteen-year-old Millie Grimes, daughter of P. L. Grimes, by Clarence Hughes, the twelve-year-old son of the Rev. J. W. Hughes, President of Asbury College, on the college campus a few days ago, has been construed from the newspaper publications to have been malicious and has caused some apprehension upon the part of parents for the welfare of their children attending the college, but such is not the case, as it was accidental. Clarence Hughes was playing upon the campus with a toy pistol, which had been given his younger brother the day previous by a boy friend, Virgil Fowler. The boy was demonstrating his ability to fire the pistol, which used a BB shot, and being near the girl when he fired the shot entered the forearm, inflicting a slight flesh wound.

A detail of the new play that is to come to the Washington Opera House, matinee and night, Saturday, January 25th, "Lover's Lane," is not uninteresting, and this is the orchard scene. In removing the apple trees used in the play from the Manhattan Theater to the Theatre Republic, New York, last spring, they were stripped, suffered damage, which it took ten expert property men about twenty-four hours to repair. This experience inspired William A. Brady to devise a scheme by which the trees were to be taken apart for transfer. When their destination is reached they are put together again in sections. Mr. Brady has applied for a patent on his invention. Two complete sets of trees are required for the orchard scenes in "Lover's Lane," one showing the fading tints of autumn, and the other the full bloom of spring, with its pink and white blossoms. This big attraction is for the benefit of the New Public Library. You should "join in" and make this the banner engagement of the season.

## **Anniversary of Victoria's Death.**

London, Jan. 22.—The first anniversary of the death of Queen Victoria was marked by commemorative services throughout the United Kingdom and the colonies and at the British embassies and legations abroad. At Windsor, King Edward and Queen Alexandra, most of the other members of the royal family, Lord Salisbury, Lord Rosebery and the German ambassador to Great Britain, Prince Von Wolf-Metternich attended a service at noon in the Frogmore mausoleum. The German ambassador laid a wreath from Emperor William on the tomb. Later 2,000 holders of tickets filed through the mausoleum and viewed the recumbent statue of the late queen. Military and naval salutes were fired by the artillery and from the guns of the warships which were decorated with bunting. The court has laid aside all visible signs of mourning and returned to bright colors.

# THE BEE HIVE

Remnant Sale Will Be Continued

## A Remnant Sale!

We are faking stock. Taking stock at the Bee Hive is different from any other store. Our stock-taking is house-cleaning. Some stores think dusting off goods is house-cleaning. We don't! House-cleaning with us means every nook and corner in the store. It means getting out the short pieces that were put aside for full pieces during the rush. It means finding soiled goods that made room for clean ones during the rush. In fact it means house-cleaning as only housekeepers and the Bee Hive know how. To give all an equal chance, we will start this sale on Tuesday morning at 9 o'clock. ONE THOUSAND REMNANTS, consisting of Linens, White Goods, White Lawns, White Domestics, Dress Goods, Dress Gingham, Calicoes, Embroideries, Laces, Ribbons, Outings, Crashes, Percales, Silks, Crossbar Muslin, Chambray Gingham, Eiderdown, Velvets—none over ten yards, most of same two to four yards.

Bee Hive Prices On All.

### WHEAT SAFE.

A Lexington Authority Thinks the Crop Has Not Been Seriously Injured Yet.

[Lexington Herald, Jan. 22nd.]

The rain which fell night before last broke one of the longest drouths in the history of Fayette County. It had not rained since Christmas Day. Mr. H. F. Hillenmeyer, who is authority on all such questions, said that it was the longest period in his memory and he has been keeping a record of the crop and weather conditions for the past quarter of a century. Mr. Hillenmeyer was asked the condition of wheat. He said: "This promises to be the banner year in wheat. Press reports say that wheat is killed, but such is not the case in this region. The leaves that are just coming out of the ground are seared by the frost, but are uninjured. The plant has not grown any for the past month on account of a lack of rain, the frost and the wind. A close examination of the plant shows that it is not injured. A general survey of the wheat field, however, would indicate that the plant is dead."

"The same conditions prevailed last year and the wheat was not injured. I don't think it will likely be injured from now forward. If it should turn very cold, snows will likely protect it, and on the whole I think the wheat prospect of Fayette County this year brighter than usual."

### Horses and Mules Wanted.

I will be at Wells & Coughlin's stable, Market street, Maysville, Friday, January 24th, to buy horses and mules of all kinds, in good flesh. Bring them in and get the cash.

### REV. W. O. COCHRANE.

Former Maysville Minister Celebrates His Fifth Anniversary as Pastor of First Presbyterian Church of Bristol, Tenn.

Rev. Dr. W. O. Cochrane, formerly pastor of the Central Presbyterian Church, of this city, preached his fifth anniversary sermon as pastor of the First Presbyterian Church of Bristol, Tenn., last Sunday. His many Maysville friends will rejoice to learn of his successful work at that point. The Bristol News, speaking of his anniversary, says:

"During this time there have been two hundred and ten additions to the church, making an average of forty-two each year. There have been eighty-seven baptisms and the funds raised amount to \$22,980. This sum does not include, however, subscriptions raised and contributed to other churches. This makes an average of \$4,695 raised each year for church purposes. There has been steady growth in the church both financially and spiritually, which speaks well for the work done by Dr. Cochrane during his stay in Bristol. He is a pastor well beloved by his congregation and by all the people of Bristol and his work as pastor and preacher has been satisfactory to all. He has built up the church and a spirit of harmony reigns among the members. Every community has its cause for congratulation that there are men of power and strength of character whose aims are pure and whose policies are high and lofty. These men are always the men of the pulpit, and Bristol is proud to have a man of the stamp of Dr. Cochrane, whose steadfast purpose and noble efforts help to mould the religious influence of the town and community."

Prof. Andrew Jackson Boyd, C. and O. operator at fair ground, was yesterday admitted to practice law in this county. His friends all wish him success.

### MRS. MONICA M. STEVENS.

Death at St. Louis of a Descendant of One of the Pioneers of This Section. Leaves Many Relatives in Mason.

Mrs. Monica M. Stevens, aged ninety-one years, died January 4th at the home of her son, George W. Stevens, of St. Louis. She was born in Brown County, O., and was a daughter of Leonard F. Mitchell, who was related to Stanislaus Mitchell formerly of this city. Her mother was a daughter of Alexander Hamilton, a pioneer of Mason County.

In 1830 she married John C. Stevens, of this county, an uncle of Mrs. Jennie Vicroy, of East Second street. Besides Mrs. Vicroy she leaves many other relatives in this city and county.

The family moved to Kirksville, Mo., in 1846, and Mrs. Stevens spent the rest of her days in that State. She is survived by eight children, fifty-two grand and great-grand-children and one great-great-grandchild.

Dan Mitchell, of Carlisle, shipped twenty nice horses to New York this week.

The bill providing that Circuit Judges may have an official stenographer in each county of his district, instead of only one for his entire district, has been favorably reported in the State Senate.

## BROUGHT TO LIGHT.

Maysville People Receiving the Full Benefit.

There have been many cases like the following in Maysville. Everyone relates the experience of people we know. These plain straight-forward statements will do much toward relieving the suffering of thousands. Such testimony will be read with interest by many people.

Mrs. W. F. Cooper, of 1002 East Second street, says: "Doan's Kidney Pills are worthy of the fullest confidence, and their great merit and effectiveness is quickly proven by a short course of treatment. Mr. Cooper procured Doan's Kidney Pills for me at J. Jas. Wood & Son's drug store, corner of West Second and Market streets. They are worthy of the strongest indorsement."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

A reply to the petition for a rehearing in the Davis-Feltman cases has been filed in the Court of Appeals.

## Old Maids Convention.

Seats now on sale for the Old Maids Convention Friday night at the opera house for benefit of the New Public Library. The funniest thing that ever happened. The Washington Star has the following to say of Miss Dunkel's Old Maids' there: "The matinee performance at the National Theatre of the Old Maids' Convention, under the direction of Miss Dunkel, was an artistic and clever success. One of the best amateur performances ever given in Washington, D. C. It furnished endless fun for the audience. It was a benefit for the hospitals of the city. The second part of the program consisted of a series of beautiful statue poses, under calcium lights, and they were the finishing touch to an altogether delightful entertainment."

## River News.

The Ed. Roberts is en route to Pittsburgh with a big tow of empties. The Bonanza resumed her trips in the Pomeroy trade last evening. The Bay enters the Carrollton trade. The snow and rain were general throughout the valley, and a rise in the river will follow. It was rising yesterday at Pittsburgh.

**Election of Senators.**  
Washington, Jan. 22.—The house committee on the election of president and vice president made a favorable report on the bill for the election of United States senators by direct vote of the people. The report follows literally that of last year and present the advantages of popular election of senators. The matter was also discussed by the senate committee but no action was taken. The senate committee has petitions from six states, 30 such petitions are necessary, and the question is whether a petition once presented stands for all time.

**Iowa's Senators.**  
Des Moines, Ia., Jan. 22.—At the joint session of the legislature the vote taken Tuesday upon United States senators was formally ratified and approved and certificates were ordered issued to Senators Allison and Dolliver for terms of six years and five years respectively, Senator Dolliver being elected to fill the vacancy caused by the death of the late Senator John H. Gear.

**To Repopulate the Transvaal.**  
New Whacom, Wash., Jan. 22.—Rev. I. W. Barr, rector of Episcopal churches in this city and Fairhaven, has gone to South Africa to arrange final details of a gigantic colonization scheme which the British government will shortly undertake there. It is the idea of the British government to induce a number of British-born subjects now residing in the United States to emigrate to South Africa.
